

Junior's Wailing

Status Quo

Love me baby, love me when I'm down
I said love me baby, love me when I'm down
Oh, you gotta love me baby
'Cause there's no use hanging around Now baby put your arms around me like a sunbeam around the sun
I said put your arms around me like a sunbeam around the sun
Yea, you gotta love me woman
'Cause my life has just begun Love me baby, love me when I'm down
Oh, love, love me baby, love me when I'm down
Yea, you gotta love me baby
'Cause there's no use hanging around Put your arms around me like a sunbeam around the sun
Put your arms around me like a sunbeam around the sun
Oh, you gotta love me woman
'Cause my life has just begun Love me baby, love me when I'm down
Love, love me baby, love me when I'm down
Oh, you gotta love me baby
'Cause there's no use hanging around, yea Love me baby, love me when I'm down
Now, now, now, now, now, now love me baby, love me when I'm down
Oh, you gotta love me baby
'Cause there's no use hanging around
