

# Get Up and Go

## Damone

    this is my last goodbye  
    get up and go-oo-woah  
    i wanna know what it's like  
    get up and go-oo-woah  
    ain't gonna wait around and die  
    get up and go-oo-woah

it's not enough to survive if you're losing your mind just to believe in it  
come on and put yourself in danger  
    don't answer if anyone calls

    come on and put yourself in danger  
    don't answer if anyone calls  
    i know how hard you tried  
    get up and go-oo-woah  
    you wanna know what it's like  
    get up and go-oo-woah  
    don't let it bury you alive  
    get up and go-oo-woah

just leave it all in the past it's gonna happen so fast you won't even feel it  
come on and put yourself in danger  
    don't answer if anyone calls  
    come on and put yourself in danger  
    don't answer if anyone calls  
    come on and put yourself in danger  
    don't answer if anyone calls  
    don't answer if anyone calls  
    get up and go-oo-woah

so lets cut to the chase there's no time to waste, you better believe me  
come on and put yourself in danger  
    don't answer if anyone calls  
    come on and put yourself in danger  
    don't answer if anyone calls  
    come on and put yourself in danger  
    don't answer if anyone calls  
    come on and put yourself in danger  
    don't answer if anyone calls  
    don't answer  
    don't answer  
    don't answer  
    don't answer if anyone calls
