

Let's Get High

Lenny Kravitz

Let's go out on an ocean ride
Leave all your cares and the past behind
Let's venture out to a deserted isle
Let's get in touch with what is alive Ooh I love you, ooh it's wonderful
Ooh it's magical
Let's get high
(Let's get high, let's get high)
High on this feeling of love Let's go out on an ocean ride
We'll tell no one, we'll just go and hide
Just spread your wings and go with the tide
Let our love be our one desire Ooh I love you, ooh it's wonderful
Ooh it's magical
Let's get high
(Let's get high, let's get high)
High on this feeling of love Ooh I love you, ooh it's wonderful
Ooh it's magical
Let's get high
(Let's get high, let's get high)
Let's get high
(Let's get high, let's get high) Let's get high
(Let's get high, let's get high)
Let's get high
(Let's get high, let's get high)
Let's get high
(Let's get high, let's get high)
