

# The Heartbreak Rides

[A.C. Newman](#)

Just out of the woods and yelling down the mountains  
All I really wanted was to go downtown  
And so we ride the heartbreak slidesRushing at the modern sunset to your window  
Gestured with the bleach in hand, she said, let's go  
L.A., she cried, the heartbreak rides for freeYo ho, yo ho  
Yo ho, yo hoCalifornia adds some casual bedlam  
Something in the basic swing of things led them  
To victimless crimes the heartbreak climbsPlaying with your words and come into headlights  
Placards on the interstate, we want the good life  
L.A., she cried, the heartbreak rides for freeYo ho, yo ho  
Yo ho, yo ho  
Yo ho, yo hoJust out of the woods and yelling down the mountains  
All I really wanted was to go downtown  
And so we ride the heartbreak slidesRushing at the modern sunset to your window  
Gestured with the bleach in hand, she said, let's go  
L.A., she cried, the heartbreak rides for freeYo ho, yo ho  
Yo ho, yo ho  
Yo ho, yo ho  
Yo hoYo ho, yo ho  
Yo ho, yo ho  
Yo ho, yo ho
