What I Never Want

Mike Hale

Reason rhyme,
I stay in the shadows, seems that I'm losing my mind.
In a way, when I'm weakened by years I've been seeking to keep me afloat and alright.

If you see me wasting away in the drink, I'll be fine.
I never want to see you again, it hurts me way too deep inside.
I never want to hear that again, that laugh that always makes me smile.
What I never want,
What I never want,
What I never want.

Reason rhyme,
Thoughts- have they taken me further in darkness I hide
To be quick yet unable
Secure, unstable
The freedom I miss all the while

If you see me wasting away in the drink, I'm fine.
I never want to see you again, it hurts me way too deep inside.
I never want to hear that again, that laugh that always makes me smile.
What I never want,
What I never want,
What I never want.

If you see me wasting away in the drink, I'll be fine.
