

Lovetron (feat. Travis Garland)

Far East Movement

I take one walk 'round
We ain't slowing down
Lovetron, lovetron
Lovetron, lovetron
I need more drink in my cup
Twisted off your love
Lovetron, lovetron You got me leaning leaning
Girl, like you never seen it
Too many drinks for me and I'm just never fiendin'
I took a sip and you hit me with that feelin'
Pour another shot down, dizzy like I'm dreaming
Like girl I keep it rolling
Nothing's ever open
Swervin' down the middle, now we livin' in the moment
Let me put the top down, dress to the occasion
Finally got the buzz to say you're so amazing Yea, here's to tonight
Here's to my lady now, turn down the lights
Here's to a movie
Baby, let's do it
Pour the champagne now and settle the mood in I take one walk 'round
We ain't slowing down
Girl it's two times I've been here (Lovetron, lovetron)
It's two times I've been here (Lovetron, lovetron)
I need more drink in my cup
Twisted off your love
Girl it's two times I've been here (Lovetron, lovetron)
It's two times I've been here (Lovetron, lovetron) Take a sip, now lock the lips
Break it down down to the kicks
Bottles upstate topless
This is how we poppin it
Light you up like sparklers
The love is so immaculate
And if you know what time it is
Then just a kiss ain't all of it If you wanna be my baby
Then girl let me tell you something
If someone there don't get caught up
Let me take a drink of this loving
If you want me to feel it
Please slow jam when we cutting

Ain't nothing like how we bump and grind
Here's a toast to all the lovers Yea, here's to tonight
Here's to my lady now, turn down the lights
Here's to a movie
Baby, let's do it
Pour the champagne now and settle the mood in I take one walk 'round
We ain't slowing down
Girl it's two times I've been here (Lovetron, lovetron)
It's two times I've been here (Lovetron, lovetron)
I need more drink in my cup
Twisted off your love
Girl it's two times I've been here (Lovetron, lovetron)
It's two times I've been here (Lovetron, lovetron) I take one walk 'round
We ain't slowing down
Girl it's two times I've been here (Lovetron, lovetron)
It's two times I've been here (Lovetron, lovetron)
I need more drink in my cup
Twisted off your love
Girl it's two times I've been here (Lovetron, lovetron)
It's two times I've been here (Lovetron, lovetron) I take one walk 'round
(Lovetron, lovetron)
(Lovetron, lovetron)
We ain't slowing down
(Lovetron, lovetron)
