Take Me With You

Tanner Patrick

This is my smile and it's been awhile
Since I've had to let it go down
Had to let it go downThat was my sign it's about time oh
I've gotta let it go now
Gotta let it go nowWhere do you go when you're trying to sleep
Is there something you give
Or is there something you keep?
Where do you go when you're falling so deep
And the only thing you want
Is everything that you need?Take me with you I was alone
I've been waiting how could you go?
Take me with you I wanna know
Why I'm waiting here by the phone
I wanna know I wanna go
I wanna know I wanna goCalling for you got a clear view of
The places that you stay
The places that you fade
This is where it gets a little bit lighter oh
Tell me what you see
Paint it all for meWhere do you go when you're trying to sleep
Is there something you give
Or is there something you keep?
Where do you go when you're falling so deep
And the only thing you want
Is everything that you need?Take me with you I was alone
I've been waiting how could you go?
Take me with you I wanna know
Why I'm waiting here by the phone
I wanna know I wanna go
I wanna know I wanna goI feel the lowest lows of every day
You're not with me
Like my brain exposed, my heart on my sleeve
But I wanna feel that high of being on the inside
So please oh please take me with you next time
Take me with youTake me with you I was alone
I've been waiting how could you go?
Take me with you I wanna know
Why I'm waiting here by the phoneTake me with you I was alone
I've been waiting how could you go?

Take me with you I wanna know
Why I'm waiting here by the phone
I wanna know I wanna go
I wanna know I wanna go
