

Until You Let Me

Oh Honey

Stay fond, stay fond of meTrust that I am not the one you need
Fall asleep in my arms one last time
You know that idea wasn't mine

Stay fond, stay fond of meHeavy tear drops fall into my drink
Liquid courage stopping by to pack my things
Be brave, be brave for me

Never thought you'd be the one to leaveThey say practice makes perfect,
We've practiced enough

My tongue is so tired from calling your bluff
Be brave, be brave for meOooooh, oooooooh
Oooooh, oooooooh

I will not lose hope until you let meMove on, move on from me
I'll realize that you are not what I needFall asleep in my arms one more time
Oh my love, you know that it ain't right

I moved on, moved on tonightOooooh, oooooooh
Oooooh, oooooooh

I will not lose hope until you let meHeavy tear drops fall into my drink
Liquid courage stopping by to pack my thingsOooooh, oooooooh
Oooooh, oooooooh
Oooooh, oooooooh
Oooooh, oooooooh

I will not lose hope until you let me
