

I Want You

Jody Watley

When the night falls surrounds us gently
With a sexy atmosphere
Well, light some candles, play some music
Ooh, I just want to feel that intimacy, yeah
Nobody but you and I
Lisin' and kissin' so passionately
Sharin' our feelings, just caress my body
Ooh baby, let me whisper in your ear
I want your love
(I want you)
I'll have your love
(I got to have you)
I need your love
(I need your love)
I want your love
(Yeah)I want your love
(I want you)
I'll have your love
(I got to have you)
I need your love
(I need your love)
I'll have your love
Turn the lights down low and baby, come close
I wanna give it to you like you never had it before
Unplug the phone, don't disturb this groove
I just wanna concentrate on you, oh
Nobody but you and I
Just lisin' and kissin' so passionately, oh
Sharin' our feelings, just caress my body
Ooh baby, let me whisper in your ear
I want your love
(I want you)
I'll have your love
(I got to have you)
I need your love
(I need your love)
I want your love
(Yeah)I want your love
(I want you)
I'll have your love
(I got to have you)
I need your love
(I need your love)
I want your love
(I need your love)
I'll have your love
(I got to have you)
I need your love
(I need your love)

I want your love
(Yeah)I want your love
(I want you)
I'll have your love
(I got to have you)
I need your love
