

# Ella

## Miranda Lee Richards

Ella you have a song  
For the angels  
Don't you be afraid  
While you see what you are Ella if you laugh  
Maybe you'll feel free  
And by nature you would walk  
Live to become what you are Tempted by an innocent pleaser  
Sharing in the decadent pleasures of the night Ella you're gonna' be  
A mother  
And from water  
You'll feel to believe  
Tempted by an innocent pleaser  
Sharing in the decadent pleasures of the night
