

The Government Totally Sucks

Tenacious D

The government totally sucks
You motherfucker
The government totally sucks
Ben franklyn was a rebel indeed
He liked to get naked while he smoked on the weed
He was a genius but if he was here today
The government would fuck him up his righteous aayyy
Now let me tell you something about the government (uh huh)
They're fucking up the environment (say what?)
They're taking all the fucking beautiful animals (yeah?)
And making them fucking extinct (oh no!)
The government totally sucks

You motherfucker
The government totally sucks
The government totally sucks
Cos the land of love and freedom,
Is just a baby's breath away
And if we hold hands together
We can bring back the USA
The USAAAAAA YEAAHHH
Bring back the USAAAA YEAAHH
The fucking USAAAA YEAAHHH
Bring back the US
Government totally sucks!
