

# All the Good Ways

## Shaimus

It's just one of those days.  
I couldn't keep you off my mind.  
I couldn't see straight cuz I was  
Somewhere else. Just gotta be there sometimes. You had brought me to this place  
That let me pull my body out  
Of a rut I used to run.  
was gonna bury my head in the groundBut it was different from the start  
and we really are, today, like we were.  
Cuz we loved in all the good ways  
and we fought through all the bad days  
yeah we changed in all the good ways  
and it's a good dayCrazy looking back now  
How we have shaped ourselves to be.  
Funny you and I had  
always thought we knew what we'd need. We were born from different worlds  
And it almost fell away  
Until we stripped our dispositions.  
They were baggage anyway. Come on. You know it's been a while.  
It's been enough, and now is when I need you.  
I'm standing here to let you know,  
You've brought me back to who I really am.  
Cuz we loved in all the good ways  
and we fought through all the bad days  
yeah we changed in all the good ways  
We loved, we loved, we loved, we loved, we lovedAnd it's a good day
