Shoot Your Shot

Divine

Don't ever stop doing what you're doing
Don't stop, shoot your shot
Don't ever stop doing what you're doing
Don't stop, shoot your shotYou got what I want
You got what I need, shoot your shot
You know how I feel
Come on make it real, shoot your shotDon't ever stop doing what you're doing
Don't stop, shoot your shot
Don't ever stop doing what you're doing
Don't stop, shoot your shotNo matter what it takes
It's for you to make, shoot your shot
Give it all you got
You really got a lot, shoot your shotDon't ever stop doing what you're doing
Don't stop, shoot your shot
Don't ever stop doing what you're doing
Don't stop, shoot your shotDon't ever stop doing what you're doing
Don't stop, shoot your shot
Don't ever stop doing what you're doing
Don't stop, shoot your shotYou got what I want
You got what I need, shoot your shot
You know how I feel
Come on make it real, shoot your shotYou got what I want
You got what I need, shoot your shot
You know how I feel
Come on make it real, shoot your shot
