I'm Back For More

Al Johnson

Baby, I'm back for more
Baby, I'm back for more
Ah...ah...ah...ah...ah...ah...ah...There's no sense in me fooling myself
There is no sense in avoiding you
Since you've been gone I can't think of nothing else
I just can't last a day without you'Cause every time
I think I'm over you
You cross my mind
And wake up memoriesThere's nothing left to do
But come running straight to you
And let you know
Just what's on my mindI'm back for more {I'm back for more}
For that love that we had before (Whoa...oh...)
I'm back for more {I'm back for more}
For that you and me like before {Like before}
Ooh, sweet harmonyI'm back for more {I'm back for more}
For that love that we had before {No, no, no}So many nights just reminiscin'
Trying to find in mind that was missin'
We were lost, but now we've been found
It's so much better the second time aroundIt's fascinating
To see love regenerating
From all this
That we have been waitingThere ain't nothing left to do
But come running straight to you
And let you know
Just what's on my mindI'm back for more
For that love that we had before {Oh...oh...oh...} (Whoa...oh...)
I'm back for more {I'm back for more}
For that you and me like before {Like before}
Ooh, sweet harmonyI'm back for more
For that love that we had before (Woo...)
I'm back for more {Baby, I'm back for more}
For that you and me {Baby, I'm back for more} like before {Baby, I'm back for more}
Ooh, sweet harmonyWhoa...oh...oh...ho...{Baby, I'm back for more}
{Baby, I'm back for more}
{Baby, I'm back for more}
