

# I'm Back For More

Al Johnson

Baby, I'm back for more  
Baby, I'm back for more  
Ah...ah...ah...ah...ah...ah...There's no sense in me fooling myself  
There is no sense in avoiding you  
Since you've been gone I can't think of nothing else  
I just can't last a day without you 'Cause every time  
I think I'm over you  
You cross my mind  
And wake up memories There's nothing left to do  
But come running straight to you  
And let you know  
Just what's on my mind I'm back for more {I'm back for more}  
For that love that we had before (Whoa...oh...)  
I'm back for more {I'm back for more}  
For that you and me like before {Like before}  
Ooh, sweet harmony I'm back for more {I'm back for more}  
For that love that we had before {No, no, no} So many nights just reminiscin'  
Trying to find in mind that was missin'  
We were lost, but now we've been found  
It's so much better the second time around It's fascinating  
To see love regenerating  
From all this  
That we have been waiting There ain't nothing left to do  
But come running straight to you  
And let you know  
Just what's on my mind I'm back for more  
For that love that we had before {Oh...oh...oh...} (Whoa...oh...)  
I'm back for more {I'm back for more}  
For that you and me like before {Like before}  
Ooh, sweet harmony I'm back for more  
For that love that we had before (Woo...)  
I'm back for more {Baby, I'm back for more}  
For that you and me {Baby, I'm back for more} like before {Baby, I'm back for more}  
Ooh, sweet harmony Whoa...oh...oh...ho... {Baby, I'm back for more}  
{Baby, I'm back for more}  
{Baby, I'm back for more}
