Cherub's Fall

Unjust

[Verse 1]
Cherubs scream "Oh yes, he's the fall man" harbor him to de-spoil it.
Fill the void, sanctify the noise, Peel and bleed my soreSo wake yourself up, you can't deem me.
Your pissed fake sympathy
When I feel like you do... breathe like you do...
Opposites feed the whole.[Verse 2]
Dreams of fancy fuels up the home stand, starving swine
kills the boar freely.Baleful crux left raw, geno-overhaul,
ripping gold from the tooth that made youWhat you are! A Falling Star! Be a man not a god!Yeah I feel like you do... reminisce like you do...
Differences feed the whole.[Chorus]
Still not safe...you can't touch thats wrong!
Still I bleed the way you do.
Born a creep... Cherubs ghost that's lost!
Still I feel the way you do.[Bridge]
Shadows came through
Splinted faith grew
I'm not sane, people say;
Why a twisted life comes so easily.
Eyes closed... Eyes sowed...
I'm not great, still OK, watching out what's best for meYou can feel me now...ROTT!!![Chorus 2]
Steered away... You ca"t crush thats Wrong!
Still I bleed the way you do.
Torned and Shamed...Cherubs ghost thats lost!
Still I feel the way you do.
