Right By Your Side

Eurythmics

Oo, give me two strong arms to protect myself
Oo, give me so much love that I forget myself
I need to swing from limb to limb to relieve this mess I'm in
'Cause when depression starts to win
I need to be right by your side
Yes I do
Oo, no one seems to touch me in the way you do
Oo, nothing seems to hurt me when I'm close to you
I'm so full of desire when you set my head on fire
I need to be right by your side
Yes I do
Every single one of us needs love, love, love
Everybody needs to give and receive love, yeah
Every single day can drag us down, down, down
But there's nothing left to fear when love gets into town
Yeah oh oh ow

Hey, yeah yeah yeah yeah
I'm so full of desire when you set my head on fire
I need to be right by your side, oh yeah
Come on, come on
Come on, come on
Come on, oo yeah
Give me two strong arms to protect myself
Oo, give me so much love and I forget myself
I need to swing from limb to limb to relieve this mess I'm in
'Cause when depression starts to win
I need to be right by your side
I need to be right by your side
