I'll Have It All Today

Liquido

l want a candle on my cake
t want the sun to come out today
l want you by my side
l want a place where l belong - l want a face that makes me strong
and l know quite well. that l'll have it all
l'll have ft all today: I'LL HAVE IT ALL TODAY/I want some lemonade today
l want someone to go my way
l want a girl that loves me so
and l want you to sing no no
l'm just like anybody else
l'm just the same - like you
want you tonight and every day
want you to go my way: I'LL HAVE IT ALL TODAY
