

# Body Colonizers

## Dehumanized

Don't vacate the cessel  
Lure in the predators  
It aids their hunger  
Avoid meditation  
They'll seep into the veins  
Drive host under  
Down  
Stuck in limbo  
Denying they're dead they graze  
Still searching for normalcy

Body Colonizers  
Body Colonizers  
Once, it repopulates  
Like plague, it erases  
Gone  
The previous host anew  
Second chance  
Invades, intrudes, inhales  
It breathes  
It reacquaints with all instincts the deed is done  
Possession  
Body Colonizers

Don't vacate the vessel  
Lure in the predators it aids their hunger  
Avoid meditation  
They'll seep into the veins  
Drive host under  
Down  
Stuck in limbo  
Denying they're dead they graze  
Still searching for normalcy  
For normalcy
