

I Swear

Marc Anthony

Oh baby, I have never seen an angel
Standing oh so close to me
I never touched someone and felt such electricity
I am taken over by the endless possibilities And I'm waiting for the day you say that you belong to me
I swear, no one will ever love you better
I swear, we could be so good together I never wanted anyone the way I want you
(Baby)
I never met someone who gives me everything you do
I swear if I'm with you there's no other
I swear there will never be another 'Cause of you there are more reasons to be thankful everyday
'Cause of you I am reminded of the chances I should take
It's the comfort of your warm embrace that shelters all the rain
And there's nothing that I wouldn't give for you to feel the same I swear, no one will ever love you better
I swear, we could be so good together I never wanted anyone the way I want you
(Baby)
I never met someone who gives me everything you do
I swear if I'm with you there's no other
I swear there will never be another Somewhere, somehow you appeared
And everything's so different now when you're around
The promise of all we could be
Is what keeps me going now, I'm never down I never wanted anyone the way I want you
(Baby)
I never met someone who gives me everything you do
I swear if I'm with you there's no other
I swear there will never be another I never wanted anyone the way I want you
(Baby)
I never met someone who gives me everything you do
I swear, if I'm with you there's no other
I swear, there will never be another I never wanted anyone the way I want you
I never met someone who gives me everything you do
I swear, if I'm with you there's no other
I swear, there will never be another I never wanted anyone the way I want you
I never met someone who gives me everything you do
I swear, if I'm with you there's no other
I swear
