

Give Yourself A Chance

DJ Bobo

Since thousands of years
Colors and religions are fighting against each other
But wherever you are
Whoever you are
Give yourself a chance
For peace on earth I'm back with the track
I'm white not black
But the color doesn't matter
So now step back Brown or black or white no matter what
You now what time it is
It's time to say enough
Cause every nation in a situation You know its time for a combination
See what they spray up on the wall
Stop the war
That's not your fault [Chorus]
Give yourself a chance, right now
Give yourself a chance, for peace on earth
Give yourself a chance, right now
Give yourself a chance, for peace on earth You better listen
To what i got to say
I got the mic in my hand and i am on my way
It's not terminator, not superman Not a bad story of the ku-klux-klan
It's like a picture
And it starts to shine
It's bright in colors, so open your mind [Chorus] There's a nightmare were dreaming of
Cold violence and war
What we are living for
Is love we adore [Chorus] For peace on earth I'm back with the track
I'm white not black
But the color doesn't matter
So now step back Brown or black or white no matter what
You now what time it is
It's time to say enough
Cause every nation in a situation You know its time for a combination
See what they spray up on the wall
Stop the war
That's not your fault [Chorus] There's a nightmare, we're dreaming of
Called violence and war
What we are living for

Is love we adore[Chorus]Since thousands of years
Colors and religions are fighting against each other
But wherever you are
Whoever you are
Give yourself a chance
For peace on earth
