

Hearing Aid

They Might Be Giants

Lord is your, your mercy Frosty, the supervisor lives by himself
Sometimes I feel sorry for him, usually I can't I've turned off my hearing aid

Don't say, "The electric chair's not good enough
For king lazy bones like myself" More coffee for me boss
'Cause, I'm not as messed up as I want to be I've turned off my hearing aid

Don't say, "The electric chair's not good enough
For king lazy bones like myself" Because, because
