

# Intro

## Heyhihello

I must be dreaming  
I must be fast asleep  
if you wondered how I've been ever since that car crash  
a tragedy that no one could have survived  
with broken bones, I struggled home filled with safety glass  
my heart near death, but my love was still alive  
so alive  
I'm alive and breathing  
but it's not too late you see  
all of these visions of the end won't get the best of me  
the silver lining is that I survived

while the rest are busy dying  
I can see the brighter lights  
are alive and breathing  
but it's not too late you see  
all of these visions of the end won't get the best of me  
the silver lining is that I survived  
while the rest are busy dying  
I can see the bright lights  
I must be dreaming,  
I must be fast asleep  
I must be dreaming,  
I must be fast asleep
