

Bad Actress

Def Leppard

Twenty-one years and you answer the call
Hollywood screams from your bedroom wall
You can't get away from the thrill of it all, yeah
Bye, bye baby
Get me out of here I'm done
A girl gone crazy
You ain't foolin' anyone
You can't sing, can't dance, can't fit in your pants
You're a bad actress
You can't run, can't walk, gotta learn how to talk
You're a bad actress
Come on down and walk the moonlit mile
You got the perfect teeth, you got the perfect smile
You do it all wrong but you do it in style, oh yeah
Bye, bye baby
Get me out of here I'm done
A girl gone crazy
You ain't foolin' anyone
You can't sing, can't dance, can't fit in your pants
You're a bad actress
You can't run, can't walk, gotta learn how to talk
You're a bad actress
You can't read, can't write, gotta learn how to fight
You're a bad actress
You're too cold, too old and the story's been told
Of the bad actress
Bye, bye baby
Get me out of here I'm done
A girl gone crazy
You ain't foolin' anyone
You can't sing, can't dance, can't fit in your pants
You're a bad actress
You can't run, can't walk, gotta learn how to talk
You're a bad actress
You can't read, can't write, gotta learn how to fight
You're a bad actress
You're too cold, too old and the story's been told
Of the bad actress
Oh yeah

(Bad actress)

Ooh

(Bad actress)

No good

(Bad actress)

Too bad

Aah, what's a girl like you doing in a nice place like this?
