Be Remembered

Kat Deluna

be remembered... x 3gotta show the world what you got
pick a place go ahead pick a spot
waiting for your time to shine
make it happen now
its a long way yet to the top
never see the time if you stop
close your eyes and roll the dice
for the finer things in lifeDon't you wait until it's too late
don't want to face that heartbreak
nooo, no one should have to feel that pain
If you're really looking for a new day
To the rythym of your body
let the music playAnd when you want it
live for the moment
don't miss your chance to
Be yourself and be remembered
Enjoy the music
Get up and do it
Tonight's the night to
be yourself and be rememberedbe remembered.. x3See the stars are all in a line
in your favor can see the light
See the fire in your eyes
Don't you blink it just might die
Motivate yourself come with it
Make yourself live for a minute
Hope you find a paradise
It's your destiny tonightDon't you wait until it's too late
don't want to face that heartbreak
nooo, no one should have to feel that pain
If you're really looking for a new day
To the rythym of your body
let the music playAnd when you want it
live for the moment
don't miss your chance to
Be yourself and be remembered
Enjoy the music
Get up and do it
Tonight's the night to
be yourself and be remembered(Shaka Dee)

This is your time
My Time
Right to the end we gon shine
Gonna bless us for all time
And we gonna shine yourself forever
It is good to know
That we are moving on
There's the stress and struggle
But we are standing strong
Stand up and be remembered
Get up and be rememberedAnd when you want it
live for the moment
don't miss your chance to
Be yourself and be remembered
Enjoy the music
Get up and do it
Tonight's the night to
be yourself and be rememberedbe remembered (x3)
be yourself and be remembered!be remembered (x3)
be yourself and be remembered!
