

All or Nothing

Cauldron

Turn me in or turn me loose*
Crank it up inside the noose
Lose it all for something more
But life won't be a bore
Just say that it's over
Please tell me tonight
Give me all or nothing
Show me the rite
Won't play the same ol' game
That path is for the tame
Don't care for what remains
As long as there's no more
Please tell me tonight
Give me all or nothing
Show me the rite
If there's a way then let's find it today
If it's over then show me the grave
If there's a way then I would like to stay
But I'll never hide
Just say that it's over
Please tell me tonight
Give me all or nothing
Show me the rite
