Girl I Love Ya

Stevie B

There comes a time in every life
A man takes a woman for his wife
I'm gonna tell the world
That I choose you girl

Now I sing this song for you
You know that I care I really do
And I want to say that I thank you girl

Don't you know I miss the days
When we were so in love
Baby tender love
So touch me now and I'm gonna show you how

Girl I love ya just forgive me baby
Girl I love ya you don't know how much I care
Want to tell you that I girl I believe in you
Girl I love ya I just want to thank you girl
Girl I love ya for having my babies girl
Girl I love you, you know I adore you girl

There comes a time in every life
A man makes mistakes and he must cry
And I'm not ashamed to say that I'm sorry girl

Now I sing this song for you
To all my babies my mama, too
And I want to tell the world that I thank you are

Close your eyes and pray with me
My mama bless us all
A soul with every part
So stay with me straight to paradise

Hey girl, 'cause I love you girl
Want to thank you girl
Hey girl
