

# Technical Difficulties

## Racer X

About 700 days and ways  
inside this changing  
mind is failing  
twisiting turning  
eyes are burning  
and nothings workingare we failing?  
    talking cheaply  
    deepen feelings  
    no one's thinking  
    solving problems.  
    intervening  
nothing is workingare we failing?  
    talking cheaply  
    deepen feelings  
    no one's thinking  
    solving problems.  
    intervening
