

Sweetheart

Mariah Carey

What you think about you and me baby goin' one-on-one?

JD y'all, So So Def, MC y'all

I'm the man to fulfill your needs

Get you everything that you see in your dreams

Baby, let nothin' and let nobody tear us apart

And forever you'll be my sweetheart

Boy, haven't you noticed the gleam in my eye?

Because of you I'm a little hypnotized

But everytime you're with me I feel so positive

That with a little love somethings gotta give

A full moon is waiting in the twilight

Maybe soon you will come to be my knight

Here we are, hoping that we never part

Stay with me

Baby, won't you be my sweetheart?

We can share a story book romance

What you think about you and me, baby, goin' one-on-one?

Won't you be my sweetheart?

We can share a story book romance

What you think about you and me, baby, goin' one-on-one?

You are no casanova, I know that you'll be true

And that's why I'm so in love with you

On this romantic evening you leave me at my door

But tonight, I'd like to explore

A full moon is waiting in the twilight

Maybe soon you will come to be my knight

Here we are, hoping that we never part

Stay with me

Baby, won't you be my sweetheart?

We can share a story book romance

What you think about you and me, baby, goin' one-on-one?

Won't you be my sweetheart?

We can share a story book romance

What you think about you and me, baby, goin' one-on-one?

Na, na, na, na, na

Na, na, na, na, na

Na, na, na, na, na

Na, na, na, na, na, na, na

Oh, yeah, yeah, yeah, yeah, yeah

See, I saw you in the party with your eyes on me
Fittin' the description of what I want my bride to be
As live as me, don't know the same guys as me
But a lot of style and usin' wild name like Ivory
I agree with my niggas you the baddest I ever seen in a long time
A woman with her own shine is her own time
And I don't hit 'coz I'm tired of dealin' with the wrong kind
Getting non' but the bull
She got a playa tryin' to think of new things to say
She up in the corner sippin' Don P, Rosee
Shakin' it up with the homegirls
Payin' no attention to us, they in they own world
Ay yo girl', I'm the man to fulfill your needs
Get you everything you see in your dreams
Baby, let nothing and nobody tear us apart
And forever you'll be my sweetheart
Sounds so right, the mood is right
Say what, MC, baby, sing it to me
To keep me warm away from harm
Nowhere better than my baby's arms
Sounds so right, the mood is right
Say what, MC, baby, sing it to me
To keep me warm away from harm
C'mon, baby, you can be my
Won't you be my sweetheart?
We can share a story book romance
Won't you be my sweetheart?
We can share a story book romance
Let's start together
And live happily happily ever after
No one to make us sad
Oh baby
Mariah, you're on fire
JD y'all
You know I need your love, romance
Yeah, yeah, me too
