

# For the Last Time

## South Border

You've done me wrong  
For the last time  
You've sung your song  
Now I'm goin' to sing mine Out loud, so loud  
Like the roaring sea You've played around  
For the last time  
You've shown your claws  
Now I'm goin' to show mine Watch out, I feel about  
In the night You went around  
Since the very first day  
You've had your moment  
Now I'm gonna have my play So long, I'll be gone  
In the night You've done me wrong  
Since the last time  
I hit the floor  
But I got up on the count of nine Goodbye, don't cry  
When I'm gone
