

Don't Fuck Me Up (With Peace and Love)

Cracker

Now here I am, the youngest old man in the world
And I have come to bring you my burden
Of every sleepless night without you in my arms
Of being bored and calm and sometimes sober
Don't mess me up by being kind
Don't mess me up by being wise
Now here I am, I am the angel of Earth
And I have come to bring you my burden
Now here I am, I am the game warden of love
'Til someone took away my gin and tonic
Don't mess me up I'm on a roll
Keep being wise, I'll be inspired
Don't fuck me up with peace and love when I haven't got it in me
Don't fuck me up with peace and love when I haven't got it in me
I haven't got it in me
I haven't got it in me
Anymore
Don't fuck me up with peace and love
Don't fuck me up with peace and love, no don't fuck me
Don't fuck me up with peace and love, no don't fuck me
Don't fuck me up with peace and love, no don't fuck me
Don't fuck me up with peace and love, no don't fuck me
