War

Goldfinger

One by one, they all fall down
Try to catch them when they hit the ground
I'm off to face my future
I'm off to face the war
How long must I stay here without you?
How long must I stay here alone?
I will fight for something that I do believe in
But I believe there's nothing here worth fighting for
The world makes no mistakes
Your heart is gonna break
But I'll be there to catch you when you fall
When you fall
I'm off to face the reaper
(I'm off to face the reaper)
I'm off to face the den
(I'm off to face the den)
How long must I stay here with these falling shells around me?
How long must I stay here in hell?
I will fight for something that I do believe in
But I believe there's nothing here worth fighting for
The world makes no mistakes
Your heart is gonna break
But I'll be there to catch you when you fall
The world makes no mistakes
Yeah, your heart is gonna break
But I'll be there to catch you when you fall
When you fall
One by one, they all fall down
Try to catch them when they hit the ground
One by one, they all fall down
Try to catch them when they hit the ground
The world makes no mistakes
Your heart is gonna break
But I'll be there to catch you when you fall
The world makes no mistakes
Yeah, your heart is gonna break
But I'll be there to catch you when you fall
(I'll be there to catch you when you fall)
I'll be there to catch you when you fall

(When you fall)
When you fall
One by one, they all fall down
Try to catch them when they hit the ground
One by one, they all fall down
Try to catch them when they hit the ground
