Save You

Rose Cora Perry

You tried to see
youâ€™re blinded by your own eyes
You tried to be
youâ€™re stopped by your own mind

Chorus: And I want you to be happy
Cause I love you my dear
And I canâ€™t help unless you want it
Youâ€™ve got to

You put yourself in agony
By fighting between your heart and your head
You make the little things catastrophes
Youâ€™re so far down on yourself youâ€™re seeing red

Set yourself free
