Never Comin Down

Keith Urban

I can feel it comin on now
As the music plays
Takin' shots with the night owls
As the world just fades away
Got a paycheck in my pocket
'Bout to get it all gone
Light it up like a rocket
We're goin' all night long
Everybody singI love it when you...
Chorus:
When the sun goes down, stars come out
It's a.... Can you feel it?
When I take you by the hand, dancin'
And we pass it around, 'round, 'round
We're so high, we could paint the sky
Tear the top right off the ceilin'
And I swear we're never ever comin down
Never comin down
Tell me now, can you feel it?
Never ever, never comin downWell the band's on fire
And the beer is ice cold
We're goin' down to the wire
Then we'll all go rollin' home
And maybe we'll keep it goin'
'Til we see that sun comin up
But right here, right now
I wanna see you move
And hear you sing it out loud
Repeat ChorusTell me now can you feel it?
Never comin downWhen the sun goes down, stars come out
It's a...can you feel it?
When I take you by the hand, dancin'
And we pass it around, 'round, 'round
We're so high, we could paint the sky
With the love right now we're feelin'
And I swear we're never ever comin down
Never comin down
Tell me now, can you feel it?
Never comin down

Tell me now, can you feel it?
Never comin down
