

# Crash

## Methods Of Mayhem

Here's some music to crash your car to  
Ain't no use it's too fast to undo  
(Crash, Crash)  
Sixty shots of Jack and I feel numb  
Your equilibrium's off and it's pure pandemonium We're going too fast, we're going too fast  
Ain't no way that this is ever gonna last  
Going too fast, we're gonna Crash  
I'm just a wreck so what the hell did you expect Cock-eyed drunk and swerving between the lines  
Rearview mirror's makin' me lose my mind  
All liquored up and he's back behind the wheel again  
Got no idea where he's goin' or where he's been We're going too fast, we're going too fast  
Ain't no way that this is ever gonna last  
Going too fast, we're gonna Crash  
I push my luck, so what I just don't give a fuck  
Going too fast Going too fast Going too fast  
Going too fast Going too fast Going too fast  
Going too fast Going too fast The sun's coming up as I start to feel I'm coming down  
God damn get me home, so I can kiss the ground We're going too fast, we're going too fast  
Ain't no way that this is ever gonna last  
Going too fast, we're gonna Crash  
I'm just a wreck so what the hell did you expect  
Going too fast Going too fast Going too fast  
Going too fast Going too fast Going too fast  
Going too fast Going too fast Going too fast
