Life Worth Living

Laurel

Put his hands on my face,
The kind of touch that made me chasing down
Like it's true love
Just tear me up, tear me down,
Uh, like it was true, oh
Every word that you're saying
God, keep me staying
I'm like gold, Lord
Pull me in, then let me go
Should've know from the first time
You played with me like I was the devil
And I played with you like you were just a man
Wanna lay with you, but I'm never better
From your God, these are the daysTake what you need, darling
I'm just here for you
Uuh uuh uh uh uh
Give me your loving,
Physical affection
Uuh uuh uh uh uh
Give me the ways for you to hold
Didn't take me to the heavens
Give me the best of all the grace
You, make life worth living
You uh uh, make life worth livingEven though you're not shy,
It's not the first you've got me high on expectations
You've got a thing for letting me down
Not always around when I want you to stay with me
Make me feel better,
It's no other day when I'm not thinking of you
Do you think of me?, 'times I'm feeling better
It's your love, it's your gameTake what you need, darling
I'm just here for you
Uuh uuh uh uh uh
Give me your loving,
Physical affection
Uuh uuh uh uh uh
Give me the ways for you to hold
Didn't take me to the heavens
Give me the best of all the grace

You, make life worth living
You uh uh, make life worth livingAnd my
Give me a golden garden oh
When I'm crazy and I'm lost
I'm coming down, downTake what you need, darling
I'm just here for you
Uuh uuh uh uh uh
Give me your loving,
Physical affection
Uuh uuh uh uh uh
Give me the ways for you to hold
Didn't take me to the heavens
Give me the best of all the grace
You, make life worth living
You uh uh, make life worth living
