

Selfish Heart

[Donna Hughes](#)

We were reckless wild and free
It was like a crazy dream
When I found my way to you
We both had so much to lose We broke so many hearts
We tried to be apart
We wasted so much time
We even tried to say goodbye Chorus: You were not mine,
But I took you anyway
From her side,
And I caused her so much pain
If I could change,
Anything I've done,
I'd just stay lonely even though my selfish heart has found a home We cried so many tears in vain
We only had ourselves to blame
We lied to everyone
Now everything is said and done
Many restless nights ago
We tried to let it go
Things will never be the same
and no one knows the price we've paid
