

My Ladies Run Me Crazy

Ohio Players

I think it's about time that I spoke on my ladies
My woman and my baby girl yeah
My ladies, my woman yeah girl
Sweet lady, sweet lady
Sweet lady these ladies drive me crazy
My woman and ladies, they run me crazy
Ladies, ladies, ladies, ladies, ladies
They all look good to me
They make me realize I don't want to be free
Real men love real women and that's alright with me
They make my real manhood feel real good
And in my misery I am the father of daughters
Surrender my shes my whole world is my little girls
Even though they run me crazy
My woman keeps on coming
Keep on coming a part of me
My woman keeps coming everything to me
My ladies, my ladies they really run me crazy
My woman, little child really drive me wild
I want to say it's a woman's world but I forgot about
And woman and girl I say my ladies run me crazy
My ladies drive me crazy
