

# Blue Christmas

[Elvis Presley](#)

I'll have a blue Christmas without you  
I'll be so blue just thinking about you  
Decorations of red on a green Christmas tree  
Won't be the same, dear, if you're not here with me  
And when those blue snowflakes start falling  
That's when those blue memories start calling  
You'll be doin' all right with your Christmas of white  
But I'll have a blue, blue, blue, blue Christmas  
You'll be doin' all right with your Christmas of white  
But I'll have a blue, blue, blue, blue Christmas
