

# Personal Conversation (interlude)

## Case

Oh, yeah  
I just want to get personal with you, baby  
Yeah, yeah, yeah  
Hey, are you lonely, pretty baby?  
All you gotta do is tell me  
Are you lonely?

Shoot late at night  
I get to thinkin' about you  
Make a tear fall down my face  
I only wish that you  
Wish that you could be here, oh
