

# Do You Want To Die Together?

## Stars

I love you 'til the day I die  
So don't die today, please don't die today  
Everything but you is an ugly lie  
That's not how you pray  
That's not what you say  
If I'm here when you're gone I'll fall apart  
Stop your crying now  
Stop your crying now  
What's the point of life without my heart?  
You're not dying now  
You survived somehow

Do you want to die together?  
Yes I do Yes I -  
Do you want to die together?  
Yes I do Yes I -  
Do you want to die together?  
Yes I do Yes I -  
Do you want to die together?

It's been the night since you've been gone  
Please I have to go  
Please, please let me go  
What's the use of writing one more song?  
Cause it's what you know  
Cause it's what you know  
It was you and me that's what you said  
And it's always true  
Aren't I here with you?  
I may look alive but inside I'm dead  
Well let's make it true  
Let's make it true

Do you want to die together?  
Yes I do Yes I -  
Do you want to die together?  
Yes I do Yes I -  
Do you want to die together?  
Yes I do Yes I -

Do you want to dieâ€¦ together?

Yes I do

Yes I do
