

In Flowers (Butterfly)

James Blunt

You're a butterfly
And you want to be
In flowers
And you want to meet
Dalai lama
Reach nirvana
Because I love and you love me
I just want you to be
In flowers with me I'm a little child
And I want to be
Held in your arms
Any fool can see
That it's nothing new
That I need you
Because I love and you love me
I just want you to see
The little child in me There's a butterfly that's in my heart
It lives in me when we're apart
But preferably you'll stay with me
Because I love and you love me
I just want you to be
The butterfly in me
