

I'm Still Alive

Stratovarius

Look around, turn around
You just might fall to the ground
Sail away, break away
Damage done nothing to sayAll my life I've felt like an outcast
But not anymore, a thing of the pastFeel the sun, got to run
Feels like life has just begun
All is new, different view
So many things that I will doI'm leaving behind the things I don't need
And with confidence I'm planting the seedI'm still alive
I'm ready to feel the wind in my hair
And I know
There are so many things to shareI will write my story again
Master plan of a new kind
I was lost but now I'm found
I'm still aliveI'm still alive
I'm ready to feel the wind in my hair
And I know
There are so many things to shareI will write my story again
Master plan of a new kind
I was lost but now I'm foundI'm still alive
I'm ready to feel the wind in my hair
And I know
There are so many things to shareI will write my story again
Master plan of a new kind
I was lost but now I'm found
I'm still aliveAlive
