Never See the Day

Straight Line Stitch

There's nothing that you can take from me
That you don't have to a certain degree
God help me feel something cause I feel nothing
What do you want from me? I look around but i can't see
Gave you my life gave you my soul I've lost control
Not in a million years could I shed so many tears
Gave you my life gave you my soul I've lost control
What do you want from me? There's nothing left I'm on empty
Gave you my life gave you my soul I've lost control
What can I even say when every word seems so cliche'?
Gave you my life gave you my soul I've lost controlThere's nothing you can take from me
There's nothing I can do for you
There's no place that I'd rather be
There's nothing that could hide the truthNo matter how you try to get inside I'm through with all your lies
The skies open wide
This is a new day I'm coming around
All of the kings are losing their crowns
I always knew that you'd let me down
But I'm wrapped around your finger- I'm wrapped around you
This is a new day I'm coming around
All of the kings are losing their crowns
I always knew that you'd let me down
But I'm wrapped around your finger- I'm wrapped around you
Your just where I want youNever see the day
