

# Lay Down Your Goddamn Arms

## Marilyn Manson

Im not of this world  
youre not in this heart  
this isnt in me  
Im not of this world  
youre not in this heart  
this isnt in me  
To open this box  
you cant shoot the lock  
I hide everything  
so you cant see  
Wanna fight?  
Wanna fuck?  
Wanna die?  
Try your luck  
Lay down your goddamn arms  
Wanna fight?  
Wanna fuck?  
Wanna die?  
Try your luck  
Lay down your goddamn arms  
There isnt a key,  
you can use on me  
There isnt a key,  
so lay down your arms  
arms  
arms  
Youre a book  
every page is written  
in words  
I cannot read  
So i burn  
gotta burn  
gotta burn  
gotta burn it  
So i burn  
gotta burn  
gotta burn  
gotta burn it  
Wanna fight?

Wanna fuck?  
Wanna die?  
Try your luck  
Lay down your goddamn arms  
There isnt a key,  
you can use on me  
There isnt a key,  
so lay down your arms  
There isnt a key,  
you can use on me  
There isnt a key,  
so lay down your arms  
arms  
arms  
So i burn  
gotta burn  
gotta burn  
gotta burn it
