

Inside Out (Acoustic) [Bonus Track]

[Kate Voegele](#)

In fairness I was an easy sell
Though I'm embarrassed to admit it to myself
And the worst part is you know it all too well
So don't take advantage of my transparent shell, no
Oh, but I think you would know what I need
Impossible as it may seem, I think it's easy to see
I am awake, it's getting late
I'm in no state to be alone now, yeah I'm alone now
Come light the fire in my room
I think I'm losing all control now, I don't even know how
But I'm in your riptide and now I'm inside out
Now I'm in a corner of the street cafe
My heart is warmer since I heard from you today
Like a shallow creek I am gleaming
No chance of keeping any secrets
Have I lost enough security?
I am awake, it's getting late
I'm in no state to be alone now, yeah I'm alone now
Come light the fire in my room
I think I'm losing all control now, I don't even know how
But I'm in your riptide and now I'm inside out
I tried to hide it, I can't deny it
Now I'm inside out
Say you love me, it's all or nothing
Now I'm inside out
I am awake, it's getting late
I'm in no state to be alone now, yeah I'm alone now
Come light the fire in my room
I think I'm losing all control now, I don't even know how, no, no
I am awake, it's getting late
I'm in no state to be alone now, yeah I'm alone now
Come light the fire in my room
I think I'm losing all control now, I don't even know how
But I'm in your riptide and now I'm inside out
