

# Secret Squirrel

## Marcy Playground

Secret squirrel splashes in  
Sirens warn tsunami  
Secrets come to save us all  
Sirens warn eminent doomHe can breathe in water yeah, yeah  
And super tail can stop the dangerNo one moves quite like you do  
Secret how do you do it?I just fly I come sailin' in like it's sunny skies  
I know I'll always winSo I see you came secret squirrel's a shame  
You will have to dieFinal round, doctor Doom here  
Will he conquer the world?  
Tune in next week and see  
Secret squirrel save you and me
