No Time 4 U

The Business

We grew up together
When we were only kids
Fighting against a world
That didn't really exist[Incomprehensible]
[Incomprehensible]
Don't know where it went wrong
And I don't know who to blameNo time for you now
No time for you now
Still we carry onNo time for you now
No time for you now
Still we carry onNestling on your pedestal
Low as low can be
The streets where we came from
Is where I wanna beA rumor here a rumor there
This time you're gonna fall
Time has passed the youth has gone
You didn't get the callNo time for you now
No time for you now
Still we carry onNo time for you now
No time for you now
Still we carry onOne, two
One, two, three, fourNo time for you now
Still we carry on
No time for you now
Still we carry onNo time for you now
Still we carry on
No time for you now
