Girl I Can Tell (You're Trying to Work It Out)

[Waylon Jennings](#)

Girl, I can tell you're trying to work it out
Tryin' to get a handle on what life is all about
Between womanhood and nursery rhymes
Tryin' to find the truth in lover's lies
Girl, I can tell you're trying to work it outGirl, I can see you're wantin' to give it a try
Taking on the good and the bad, the truth and the lies
Feelings inside you, you can't talk about
Feelings have a way of not comin' out
Girl, I can see you're trying to work it outBetween womanhood and nursery rhymes
Looking for the truth in lover's lies
And the ties that bind the things that last through time
Girl, I can tell you're trying to work it out
