

# You Took My Breath Away

## The Traveling Wilburys

You took my breath away  
I want it back again  
Look at the mess I'm in  
I don't know what to say I don't know how to feel  
You don't care anyway  
All I can do is write  
You took my breath away You took this song of mine  
And changed the little bit  
It used to sound alright  
But now the words don't fit It's getting hard to rhyme  
Impossible to play  
I've tried it many times  
You took my breath away One day when the sun is shining  
There will be that silver lining You knocked my headlights out  
So turn them on again  
I can't see where I'm going  
I can't tell where I've been I don't know how to feel  
This hasn't been my day  
Seems like I've lost a wheel  
You took my breath away You took my breath away  
You took my breath away  
You took my breath away
